

Adaptive

Rise With the One.

Just ONE shaping file for
multiple canal morphologies.

A new Gen.

XP-endo® Rise is the next generation of our adaptive one-shaper line.

Simple and more predictable, XP-endo® Rise gives you safety and control.

Discover a new design created for shorter procedure times and agility.

One branded glidepath
+ One shaper
= One straightforward procedure

One Glider

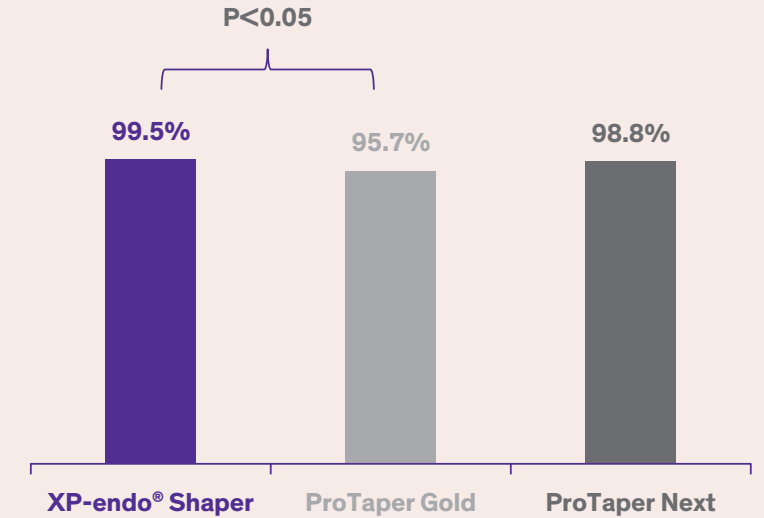

One Shaper

XP-endo®
Rise Glider

XP-endo®
Rise Shaper

A totally unique system that offers predictability, an excellent ability to adapt to the canal and multiple use in primary treatment. XP-endo® Rise superior resistance merged with the added advantage of shorter procedure times.

High bacteria reduction - up to 99.5%¹

Simple ONE shaping file reduces treatment time¹

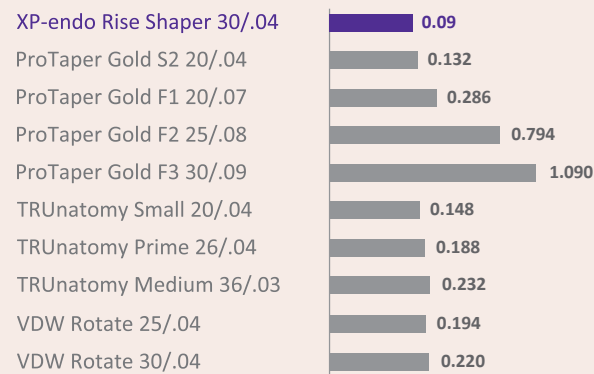

High debris removal in C-shaped canals (up to 98.9%)²

Superior resistance to cyclic fatigue*
Mean number of cycles to fracture

Superior flexibility*
Mean torque [Ncm] required to bend at 45° angle

Preserves root anatomy

Finisher & Finisher R

The universal mechanical cleaning solutions

Up to 98% bacterial reduction in the main canal¹

Superior resistance to cyclic fatigue vs. rotary files*

XP-endo® Rise Retreatment

Simplify your retreatment protocol

2x faster XP-endo® Shaper vs. a conventional competitor for performing retreatment procedures²

Empower Endo

For 90 years, we have striven to deliver Swiss quality, precision and peace of mind to endo specialists. Our unique approach is driven by the quest to provide the best dental care and our conviction that the search for perfection is never over. Like you, we seek to advance the frontiers of the possible by evolving through research, refinement and innovation. Ready to change the game?
